

MONTAGGIO DIVINA CON SOLETTA C.A. O BASAMENTO MONTAGGIO SU TERRA, RISPETTO A DIVA LTI STANDARD

questo manuale spiega esclusivamente le differenze di montaggio rispetto alle altre versioni di Dolcevita ; si consiglia di utilizzare questo manuale congiuntamente al manuale di Dolcevita

ASSEMBLY DIVINA WITH CONCRETE SLAB OR GROUND MOUNTING, COMPARED TO STANDARD DIVA LTI

this manual only explains the differences in installation compared to other versions of the Dolcevita; we recommend to use this manual in conjunction with the Dolcevita manual.

Divina

Codici ricambi Struttura Divina - Divina spare parts code

Pos	Cod ricambio	Descrizione
1	DVC14905A	L inox kit fissaggio allineamento
2	DVDS385V	Omega piede inox
3	DVC14899CV	Tirante diagonale piede
4	DVC14899AV	Omega verticale piede
5	DVC148905L	L inox kit fissaggio livello
6	DVC849RIN	Rinforzo traversino
7	DVC851	Profilo alluminio fissaggio telo
8	DVC14901V	Traversino orizzontale M100
9	DVC14900V	Piede angolo
10	DVC14900B	Piastrina inox piede angolo
11	DVDS386V	Lamiera grecata contenimento terra
12	DVDS387V	Angolo Lamiera grecata
13	DVDS388DV	Chiusura Angolo Lamiera grecata SX
14	DVDS388SV	Chiusura Angolo Lamiera grecata DX

Codici ricambi prolunga basamento - ground mounting extension spare parts codes

Pos	Cod ricambio	Descrizione
1	DVDS394AV	Supporto piede gavone A
2	DVDS394BV	Supporto piede gavone B
3	DVDS385V	Traliccio saldato gavone
4	DVCLAMP	Palancola basamento su terra
5	DVDS392V	Supporto grecata angolo
6	DVDS393V	Squadra supporto grecata

ASSEMBLAGGIO PIEDE CON SOLETTA C.A.
FOOT INSTALLATION WITH CONCRETE SLAB

traliccio Divina "B"
Divina foot "B"

traliccio standard "A"
standard foot "A"

Nota : i tralicci della testa della vasca del lato dove verrà realizzato il locale tecnico vanno assemblati con il profilo inferiore inox come nelle altre versioni Dolcevita (traliccio standard "A"). Il resto dei tralicci vanno assemblati con l'apposito profilo inferiore saldato necessario per ospitare le lamiere contenimento terra (traliccio Divina "B")

Note: the feet of the pool head on the side where the technical room will be built must be assembled with the stainless steel lower profile as in the other Dolcevita versions (standard foot "A"). The rest of the feet must be assembled with the welded lower profile required for ground metal sheet (Divina foot "B").

N.B. CONSULTARE ISTRUZIONI DOLCEVITA PER IL MONTAGGIO
DEI RESTANTI PARTICOLARI DELLA STRUTTURA

N.B. SEE DOLCEVITA ASSEMBLY INSTRUCTIONS FOR THE
REMAINING PARTS OF THE STRUCTURE

ASSEMBLAGGIO PIEDE CON BASAMENTO FOOT INSTALLATION WITH GROUND MOUNTING

traliccio standard "A"
standard foot "A"

traliccio Divina "B"
Divina foot "B"

Nota 1 : i tralci della testa della vasca del lato dove verrà realizzato il locale tecnico vanno assemblati con il profilo inferiore inox come nelle altre versioni Dolcevita (traliccio standard "A"). Il resto dei tralci vanno assemblati con l'apposito profilo inferiore saldato necessario per ospitare le lamiere contenimento terra (traliccio Divina "B").

Nota 2 : nella versione con basamento per montaggio su terra non assemblare i tralci prima di aver terminato il montaggio del basamento in quanto questi vanno assemblati direttamente sul basamento stesso.

Note1: the feet of the pool head on the side where the technical room will be built must be assembled with the stainless steel lower profile as in the other Dolcevita versions (standard foot "A"). The rest of the feet must be assembled with the welded lower profile required for ground metal sheet (Divina foot "B").

Note 2: in the ground mounting version , do not assemble the feet before finish the basement because the feet must be assembled directly on the basement.

VERSIONE CON BASAMENTO MONTAGGIO SU TERRA

Il basamento Divina è identico a quello delle Dolcevita : in questo paragrafo viene spiegato come installare la prolunga del basamento al di sotto del locale tecnico non presente nelle altre versioni. Trovate le istruzioni del resto del basamento all'interno del manuale di montaggio Dolcevita.

VERSION WITH GROUND BASMENT INSTALLATION KIT

The Divina basement is the same as the Dolcevita basement: this paragraph explains how to install the extension of the basement below the technical room, which is not present in the other Dolcevita versions. You can find the instructions for the rest of the basement in the Dolcevita installation manual.

Posizionare il lato con i 4 fori verso il terreno
Position the side with the 4 holes pointing towards the ground

Nota : la prolunga del basamento sotto al locale tecnico non è vincolata al basamento della vasca ma risulta solamente accostata ad esso.

Note : the extension of the basement under the technical room is not fixed to the basement of the pool, but is only next to it.

MONTAGGIO DIVINA CON SOLETTA C.A.

in questo paragrafo vengono spiegate le differenze durante il montaggio rispetto alle altre versioni di Dolcevita.
Utilizzare questo manuale congiuntamente al manuale di Dolcevita

ASSEMBLY DIVINA WITH REINFORCED CONCRETE SLAB

This section explains the differences during assembly compared to other Dolcevita versions.
Use this manual in conjunction with the Dolcevita manual.

Z

le lamiere di contenimento terra non vanno in appoggio al piede angolo della piscina ma vanno sovrapposte e ancorate alla relativa mensola (vedi pag 18).

The ground metal sheets should not be leaned against the corner foot of the pool, but should be overlapped and anchored to the corresponding bracket (see page 18).

SCALA INOX

Il montaggio della scala inox è identico a quello della scala della Dolcevita Diva ad eccetto del numero di gradini esterni e della posizione delle omega di fissaggio alla struttura.

STAINLESS STEEL LADDER

The assembly of the stainless steel ladder is the same as of the Dolcevita Diva ladder, except for the number of external steps and the position of the fixing metal parts.
